Jeffery & Rebecca Harris; 219 W. 58 S.; Burley, ID 83318 Phone: (208) 678-2647

Pond Safety & Maintenance Rules & Guidelines

General:

- ★ Please provide adult supervision at all times
- ★ No fishing when people are in the water (swimming or boating)
- ★ No mud fights please
- ★ Please DO NOT climb on the waterfall, the rocks are loose and could fall on a finger or toe.
- ★ If you use the fire pit on the grass, please place a board under it to protect the grass from the heat.
- ★ Jumping off the bridge is okay, but it is safer on the North side (waterfall side) as it is a little deeper on that side.

Boats:

- ★ Please enter and exit boats on the West shore where the rubber matting is. **DO NOT** pull the boats onto the shore anywhere else as there are rocks protecting the shoreline that gouge the bottoms of the boats.
- ★ Please **DO NOT leave canoes up on the grass**. The sun heats the bottom & burns the grass.
- ★ Do not run into other boats or other objects.
- ★ Don't bang paddles on the boat or other things.
- ★ Please report all broken boats or paddles immediately.
- ★ Do not stop boats under the zip line or in front of slides.
- ★ Please DO NOT sink the boats on purpose.
- ★ Bring all boats back to the West shore when finished. Please drain them & tether canoes to the stakes on the shore and return paddle boards, kayaks and paddles to their designated area.
- ★ Please check for and report any damage.

Giant Swing:

- ★ The giant swing can be used as just a swing or as a way to jump into the water.
- ★ NOTE: In order to get any height, the giant swing requires additional pushers.
- ★ Swimmers & Boaters should be mindful of moving out of the way before the next swinger jumps.

Sand Box/Tree House Play area

★ Please make sure children don't remove sand from sandbox.

WATER SLIDE (LARGE ONE):

- ★ Do Not Go Down the Slide unless the water is on.
- ★ No Standing while going down the slide.
- ★ Children & non-swimmers must wear a life jacket.
- ★ Provided tubes and boards are for Water Slide Use
 ONLY. Please do not use them for general play
- ★ Return all tubes and boards to designated area when you are done using them on the slide.
- ★ No walking or climbing back up the slide

Zip line:

- **★** A carabineer (Clip) <u>MUST</u> be attached EVERY time you use the zip line.
- ★ If you wish to drop, <u>you must have someone</u>
 <u>about your size, or larger, ride all the way to</u>
 <u>the end</u> to keep the pulley from jumping the track or putting the rider in danger.
- ★ If multiple people are dropping, make sure they stagger the drops to minimize the bounce and prevent pulleys from jumping the track.
- ★ Please limit the riders and droppers to about 500 lbs. at one time.
- ★ Generally the riders should equal at least 80 lbs. (The zip line needs enough weight to get it to the end), also children may require help getting off & removing the pulley as it is heavy for them.
- ★ There is a step stool at the end for shorter people.

 If used, please move it out of the way after use so that the next rider doesn't crash into it.
- ★ Non-swimmers need to wear lifejackets (You are welcome to use ours as long as you return them back to the racks in the tower.)
- ★ Please return all pulley's (hang like the picture example in the tower), disc swings and straps/back to the rack just inside the tower house when finished.

Activities & Amenities Available upon REQUEST:

- ◆ Cornhole & other lawn games ◆ Volleyball
- ♦ Kiddie Train ♦ Kids Bounce House
- ◆ Candy Cannon (Must provide own candy)
- ◆ Grill (bring your own propane)

FINAL CHECK-OUT
